EDUCATION

University of Information Technology - UIT   Ho Chi Minh City
Information Technology; Senior; GPA: 7.64   *Aug. 2020 – Aug. 2024*

OVERVIEW

I have knowledge of Clean Code Principles and experience using Git to manage source code and participate in team projects throughout my internship journey. I have had opportunities to estimate project timelines, manage tasks using Trello, and write project documentation. Additionally, I have worked on cross-platform mobile applications using Flutter and developed web applications with TypeScript and ReactJS during school projects and internships. I also have experience in server development with ExpressJS and NestJS to support these applications.

In the future, I wanna become a software engineering expert and take on the position of Project Manager.

EXPERIENCE
